

GREATER BROCKTON WORKFORCE BOARD

News from your Workforce Board!

Helping Business Find the Best Talent

Dear Workforce Partner,

The MassHire Greater Brockton Workforce Board is hard at work addressing critical workforce development issues in our area. You are receiving this email because we consider you a partner in the overall health and sustainability of our workforce and talent pipelines. We will share news, events, labor market information and connect you with programs and resources to better equip our collective efforts towards a strong and growing workforce in the Greater Brockton area. We encourage you to share this information with those in your network.

Upcoming Programs & Events

2018 WAVE Program youth volunteers and their "Pathway to Justice" Project, pictured here with Brockton Mayor Bill Carpenter and President of the Frederick Douglass Neighborhood Association, Lynn Smith.

Funded in partnership with:

**YouthWorks Summer
WAVE Volunteer Program**

Work Achieve Volunteer Explore

Offered through MassHire Greater Brockton YouthWorks, this program provides volunteer opportunities for youth ages 14 & 15 who are at risk of success due to economic and environmental barriers. Youth acquire work experience, learn teamwork, and hone their skills as they prepare to enter the workforce. The program is managed by MassHire Greater Brockton Workforce Board and the grant funding is provided through the Commonwealth Corporation which is a Massachusetts quasi-public corporation within the Executive Office of Labor and Workforce Development.

APPLY TODAY

**COMING SOON:
MassHire's MOVE Maker
...a mobile training lab!**

With a generous donation from Brockton Area Transit (BAT), MassHire GBWB will soon be able to offer local employers & organizations a clean, comfortable, mobile training site inside of a renovated 25-foot bus containing 9 work-stations with computers and internet and room for an instructor. The bus is equipped with a wheelchair lift and has a handicapped accessible work station. This mobile learning lab will provide a dedicated space in which groups of employees may receive training on a variety of job-related topics such as: ESOL, Microsoft Office, customer service, leadership, etc. Being mobile and self-contained, this training incubator can be parked conveniently on company property and enhances the ability for a company to easily provide training to strengthen the skills of its workers.

Don't miss the bus...

Get on the *MOVE!*

**Mobile
Occupational &
Vocational
Education**

The talented students from Southeastern Regional Vocational Technical High School have been hard at work making the renovations to retrofit the decommissioned Dial-A-BAT bus into a mobile training center. The MOVE Maker will be unveiled and put into service this summer. Stay tuned!

Southeastern Massachusetts Labor Market Blueprint:

MassHire Greater Brockton Workforce Board is part of a regional team of educators, workforce, and economic development professionals that were brought together to create a regional blueprint for growth strategies in Southeastern Massachusetts. This regional labor market blueprint was created to align state and local programs, policies and resources to fuel job growth and address employer demand for talent.
